

Three and Four Times Tables

Write in the missing number in these jumbled up three and four times tables

$1 \times 3 = \underline{\quad}$

$3 \times 4 = \underline{\quad}$

$4 \times 3 = \underline{\quad}$

$\underline{\quad} \times 4 = 8$

$2 \times 3 = \underline{\quad}$

$1 \times 4 = \underline{\quad}$

$10 \times 3 = \underline{\quad}$

$9 \times 4 = \underline{\quad}$

$\underline{\quad} \times 3 = 21$

$\underline{\quad} \times 4 = 28$

$6 \times 3 = \underline{\quad}$

$6 \times 4 = \underline{\quad}$

$11 \times 3 = \underline{\quad}$

$10 \times 4 = \underline{\quad}$

$\underline{\quad} \times 3 = 9$

$4 \times 4 = \underline{\quad}$

$5 \times 3 = \underline{\quad}$

$\underline{\quad} \times 4 = 32$

$\underline{\quad} \times 3 = 24$

$5 \times 4 = \underline{\quad}$

$12 \times 3 = \underline{\quad}$

$12 \times 4 = \underline{\quad}$

$9 \times 3 = \underline{\quad}$

$11 \times 4 = \underline{\quad}$
