

Eight and Nine Times Tables

Write in the missing number in these jumbled up eight and nine times tables

$1 \times 8 = \underline{\quad}$

$1 \times 9 = \underline{\quad}$

$4 \times 8 = \underline{\quad}$

$4 \times 9 = \underline{\quad}$

$\underline{\quad} \times 8 = 80$

$3 \times 9 = \underline{\quad}$

$8 \times 8 = \underline{\quad}$

$2 \times 9 = \underline{\quad}$

$6 \times 8 = \underline{\quad}$

$7 \times 9 = \underline{\quad}$

$\underline{\quad} \times 8 = 16$

$6 \times 9 = \underline{\quad}$

$11 \times 8 = \underline{\quad}$

$\underline{\quad} \times 9 = 90$

$7 \times 8 = \underline{\quad}$

$\underline{\quad} \times 9 = 81$

$3 \times 8 = \underline{\quad}$

$8 \times 9 = \underline{\quad}$

$\underline{\quad} \times 8 = 72$

$\underline{\quad} \times 9 = 45$

$5 \times 8 = \underline{\quad}$

$12 \times 9 = \underline{\quad}$

$12 \times 8 = \underline{\quad}$

$11 \times 9 = \underline{\quad}$
